MATERIAL WE USE FOR INTERIORS

KOREAN KITHCEN SLABS

Korean Kitchen Slab It is very hygienic and super easy to clean. It is more durable than laminate countertops. Conan is a very attractive choice due to its seamless appearance and variety in colors and designs.

MODERN KITHCEN CABNIETS

Laminate cabinets are easier to clean than wood, they offer more durability over time and tend to conceal fewer scratches than solid wood cabinets and cabinet doors.

STAIR CASE SLAB

The sheer beauty and magnificence of marble inside a home is breathtaking. If you're looking to add a sense of royal luxury, this stunning natural stone is a bold and excellent choice.

MATERIAL WE USE FOR EXTERIORS

ALUMINIUM WINDOWS

Aluminium Window If you're looking to let as much light into your home as possible or simply want to enjoy the view then aluminium windows require very little framework around the edge of the glass.

WOODEN DOORS

Wooden Doors There are numerous options of wood to choose from everything from a modern and sleek bamboo or teak to a traditional oak or mahogany or even a more rustic cedar or knotty pine.

PORTA FITTINGS

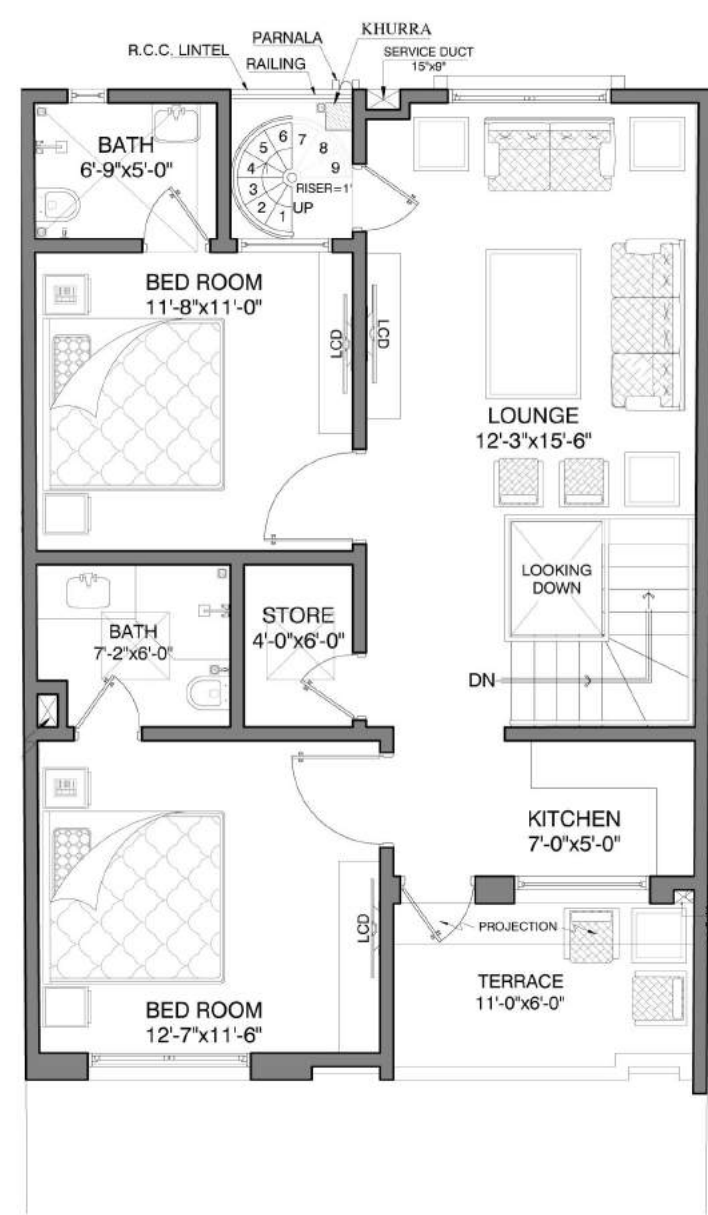

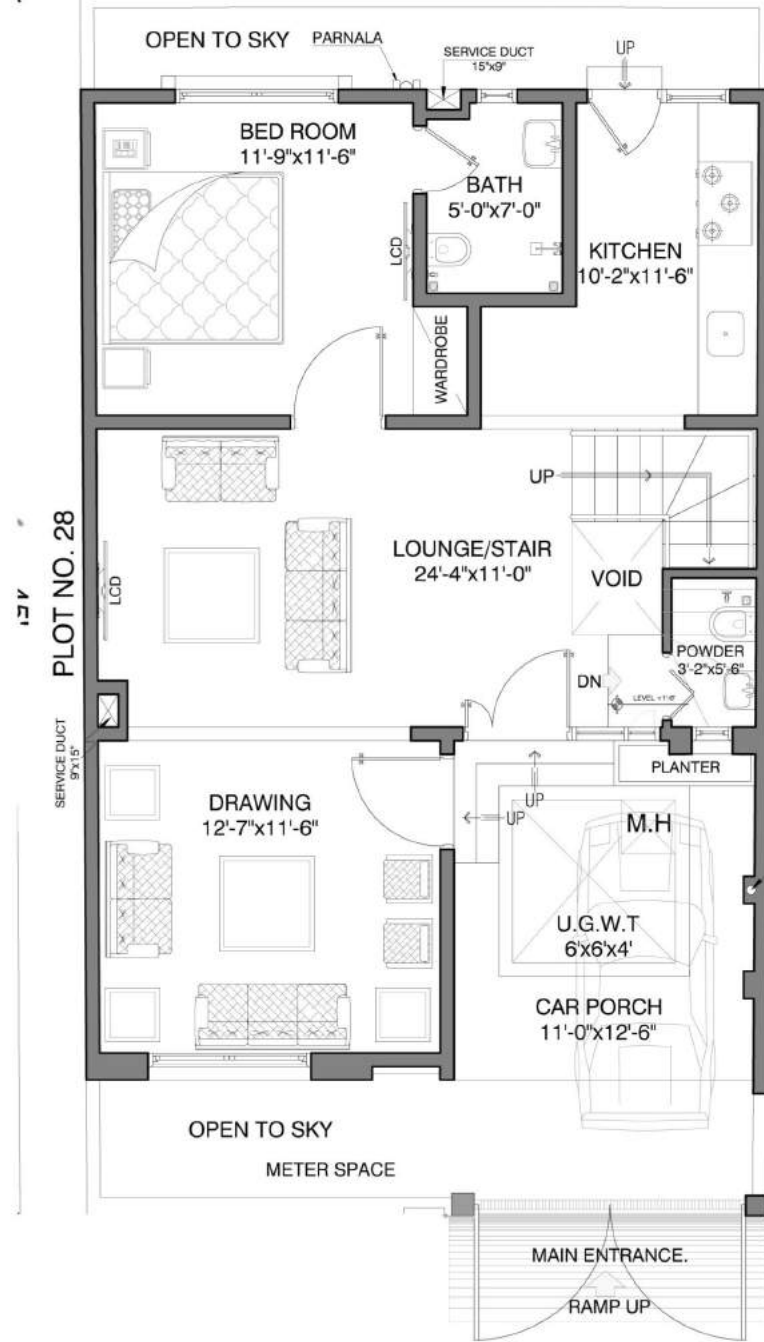

Luxury fittings for exceptional bathrooms and kitchens. Wide range of bathroom taps, showers.
